Note*1- Must use ALP-HRN-CAMCH and OEM head unit must be flashed by the Jeep dealer to activate reverse signal input

Note2-** KCX-BOSE-GM required on all trucks equipped with factory Bose system

Note *3** Relay installation Required

Note **4** Needed with 2012-2014 Navigation equipped vehicles

Note ***5** Needed on Vehicles with Park Assist system to hear chimes

Note ***6** Due to the limited space in the KTX-009-FD1 radio bezel, the Ford Sync port could not be accommodated in the same location. Follow the instructions below to relocate the USB and AUX ports

Note***7** The OEM satellite radio tuner is built into the factory head unit. An aftermarket satellite tuner must be used

Note***8** On 2007-2013 GM Trucks the OEM satellite radio tuner may be retained if the vehicle is equipped with one.
