

## **Head unit will not turn on.**

Rating: Unrated | Last Updated: Sat, Oct 14, 2017 at 12:57 AM

1. Incorrect serial number was used when flashing Maestro module:

Flash Maestro with correct serial number

2. 4 pin Maestro data cable is disconnected or damaged:

Check for proper connection or disconnected pins.

3. Monitor key-harness or main harness are disconnected:

Check for proper connection or disconnected pins.
